

R.D. Batten, F.H. Stillinger, and S. Torquato. Phase behavior of colloidal superballs: Shape interpolation from spheres to cubes. **Phys. Rev. E**, **81**, 061105, (2010).

I. ERRATUM

Please note that the definition of α on page 6, two lines above Equation 10 should be $\alpha = RS/3v$ as is defined in Ref. 57.
